MacKinnon Praises Montana Newspapers in J-School Talk

"Montana has, as a group, much better papers than its people realize," stated Eugene MacKinnon, general manager of the Salt Lake Tribune and Telegram, yesterday. Mr. MacKinnon is now on the campus giving a series of journalism lectures.

MacKinnon followed up his statement by pointing out that most people base their criticism of Montana papers on comparisons with much larger papers of surrounding cities. Mr. MacKinnon feels that the newspapers published in this state are only surpassed in small cities near large metropolitan areas, where there are better chances for news gathering and advertising. He pointed out such papers as the Kalispell Inter-Lake as being good examples of small, well run publications.

Eugene MacKinnon has worked on newspapers in many parts of the United States after beginning his career in Montana where he worked in Missoula, Livingston, Great Falls, Butte, and Billings. He is a graduate of MSU and was a journalism student when "the journalism school was a shack on the back of the campus." MacKinnon was editor of the freshman Kaimin when that paper came out twice a week and was printed downtown.

Fourteen Grads Placed

The University Placement bureau announces the following placements of recent university graduates:

Robert Boyd, Motors Insurance corporation, Great Falls; Duane Collison, First National bank, Great Falls; James L. Hanson, General Motors Acceptance corporation, Great Falls; Joseph Huckle, General Motors Acceptance corporation, Great Falls; Roger Johnson, International Harvester, Polson; Fred Longmire, Mountain States Tel & Tel., Missoula; John MacLeod, Motors Insurance corporation, Great Falls; Neil O'Donnell, State Board of Equalization, Helena.

Richard O'Neil, Murray Motor company, Missoula; Peter Roberts, Falls Flooring company, Great Falls; Earl Schommer, National Cash Register company, Butte; John Schwab, J. C. Penney company, Kellogg, Ida.; Sherman Lohn, Murphy, Garlington, and Pauly, Missoula; Ellsworth Skeia, Rowland, Thomas and company, Miles City; and Ralph Rees, Allyn and Bacon, San Francisco.

Pharmacy, bacteriology, and chemistry positions are open according to answers from letters to the Abbott Laboratories, Merck & Co., Upjohn Co., Eli Lilly & Co., and Parke, Davis & Co.

Mortar Board Backs Leadership Training

Mortar board will sponsor a program for campus officer training to begin after track meet.

This training program will be open to all campus officers. The purpose of the project is to better the officers and to bring out their leadership qualities. Faculty members and other speakers will conduct the classes.

Wohlgenant, Jones, Halvorson Elected Jobs on Central Board

BY GARLAND BEAUCHAMP

Close to 1,400 students went to the polls yesterday and voted just as they were expected to vote, putting into ASMSU offices and the class offices a complete Greek lineup, save for the senior and sophomore delegates to Central board.

Only the race for the ASMSU vice-presidency which went to Kay Hennessey, Conrad, and the race for senior class president between James D. Murphy, Great

Falls, and Joe Estes, Moore, which ended in a tie, provided excitement in the evening's vote counting.

John Helding, Missoula, took a decisive 788 to 603 win over Independent Henry Ford, Durango, Colo., in the scramble for the ASMSU presidency.

In the early counting, ISA candidate Ross Miller, Great Falls, led by a slight margin for the job of business manager but was overcome by Dave Freeman, Missoula who copped the job with a 733 to 651 count.

Margot Luebben, Dillon, was barely nosed out by Miss Hennessey for the vice-presidency, 668 to 665.

Greek Lex Mudd, Missoula, had little trouble in grabbing the ASMSU secretary's post, trouncing Edith Dresner, ISA of Yonkers, N. Y., 906 to 463.

For senior delegate to Central board, Torv Halvorson, ISA from Ledger, defeated Henry DiRe, Anaconda, 250 to 190.

Dick Wohlgenant, the unaffiliated Miles City boy, became sophomore delegate by virtue of his 228 to 126 victory over Bob Smith, Choteau. Jeanne Jones, Butte, broke the possible Independent monopoly of Central board delegations by taking the junior delegate spot from Lynn Lull, Helena, 168 to 131.

In the senior class voting saw Murphy and Estes tie with 203 votes each, Marian Bell, Kalispell, defeated Martha Brown, St. Ignace, 193 to 209, for vice-president; Joan Smith, Kalispell, defeated Barbara Hartin, Spokane, for secretary, 218 to 188; and for the treasurer's spot it was Virginia Floyd, Butte, over Rhoda Juneke, Spearfish, S. Dak., 245 to 165.

In the junior class, for president it was Edna Geary, Missoula, over Betty Lou Berland, 150 to 139; for vice-president, Everett Chaffin, Missoula, unopposed; for secretary, Joan Beckwith, Kalispell, 171, Bernice Wiley, Helena, 110; for treasurer, Helen Lambros, Missoula, 163, Michael O'Shea, Spokane, 127.

For sophomore class offices, Robert Hasquet, Shelby, was elected over Sam Kenney, Lewistown, for president by a vote of 215 to 131. For vice-president, Audrey Olson, Billings, won over Joyce Carstensen, Helena, 247 to 100; for secretary, it was Joanne Shaw, Missoula, over Eleanor Anderson, 202 to 145; and for treasurer, Barbara Blakeslee, Missoula, over Norma Bell, Kalispell, 208 to 136.

New store board delegates are Jack O'Hern, Butte, with 708 votes and Howard Heintz, Moccasin, with 680. They defeated Joe Dan Murphy, Butte, 523 votes, and Beverly Way, Roundup, 501 votes.

The four proposed constitutional amendments passed with little opposition. They passed by votes of 904 to 94, 787 to 188, 822 to 173, and 736 to 126, respectively.

Thus, the voters have given the go-ahead signal for the following constitutional changes:

Article VII, Section 5, will now read: "All candidates for class office and representatives to Central board shall be members of the class they expect to represent, according to credits, for at least two quarters of the regular academic year for which they seek election."

Article VII, Section 6, will contain the following revision: "The names of candidates shall not be released through any official source until the student auditor

(please see page eight)

New Prexy

JOHN HELDING

John Helding, the new ASMSU president, said in a brief interview last night at Campbell field when notified of his election, "I am happy to have been chosen and will keep in mind the interests of the majority of the students."

Pressed for time as he and his team-mates were about to go on the field in the baseball game against Whitworth, Helding summed his statement up briefly, "I shall strive for more student participation in campus activities and for a firmer relationship between the living groups. I hope that we shall be able to work together better."

Helding, Missoula, is a business administration major and is a member of Sigma Chi fraternity. In the past, he has been a Bear Paw, a member of Central board, M-club president, and is a member of Silent Sentinel.

Tucker Sponsors Scholarship

Montana State University students will have an opportunity to win a \$1,500 scholarship from the Don Martin School of Radio in Los Angeles during the next nine weeks.

Each week three students from the campus will be selected to produce a program of their own choosing over KGVO and sponsored by Tucker Motor company. From these contests, to be held on Saturdays from 10:30 to 11 a.m., one student each week will be picked to appear in the finals on the ninth week.

Accredited Institution

The Don Martin School of Radio is an accredited institution, and all scholarship winners will receive 15 weeks of instruction in such fields as television, engineering, announcing, newscasting, acting and writing.

Marion Dixon, general manager of KGVO, said that opportunities for placement in radio are excellent after graduation from this school.

Preliminary programs will begin on May 16.

UN Session Interests MSU's Rambling Debaters

One of the most interesting experiences of the MSU debate team, according to Prof. Ralph McGinnis, who returned with the group Wednesday night, was a visit made to the United Nations General Assembly at Flushing Meadow, N. Y.

On the agenda that day was a resolution introduced by Chile condemning Russia for violating the U. N. charter in refusing to allow Russian nationals married to foreigners to leave the country.

Part of Russia's defense was based on the John A. Wolfard case. Wolfard, a former professor at MSU, married an English Communist last December and our state department has refused to let her enter the country. Two of the debaters, Bud Arras and Frank Gonzales, had taken courses under Wolfard during his stay here. The resolution passed 39 to 6 with 11 nations not voting.

The group also visited many famous spots in New York and Washington such as the Empire State building, Statue of Liberty, Washington monument, and the Smithsonian institution.

On the way home the team held two demonstration debates with Professor McGinnis' alma mater, Kent State university at Kent, Ohio. Demonstrations were also held with Stephens college in Columbia, Mo., and the University of Nebraska.

Montana was the only western entry to win more than half its debates. "At least they know where Montana State University is now," Professor McGinnis stated.

Placement Center Has Job Openings

The Alaska Fisheries Experimental commission needs analytical chemists, biochemists, chemical engineers, and/or food technologists at its Fishery Products laboratory, Ketchikan, Alaska, according to the University Placement center.

Applicants for positions must have completed a full 4-year course in a college or university of recognized standing, leading to a bachelor's degree in chemistry, chemical engineering, food technology, or a related field.

Additional information can be obtained by contacting Mrs. Peggy Leigh at the Placement center.

Press Club Picnic To Be Saturday

A big drawing card for the Press club picnic at the Montana Power park Saturday afternoon at 2 is the late announcement that Robert Struckman, an instructor in the journalism school, is going to play the guitar. This notice came as a bit of a surprise to many students who did not suspect his versatility.

The baseball games to be played are lined up this way—Freshmen vs. Sophomores and Juniors vs. Seniors. Winners of these games will play a three-inning elimination game and this winner will challenge the faculty.

New B-M

DAVE FREEMAN

Dave Freeman, business manager-elect, said last night in an interview as he was going in the gates at Campbell field, "I wish to thank the people that supported me and I will do my best to deserve that support."

He expressed the sentiment that affiliations would not affect his actions as business manager, but rather the good of the students as a whole would guide him.

Freeman, a 21-year-old junior from Missoula, has been active at the University since his freshman year. He was sophomore delegate to Central board, junior delegate to Central board this year (the position he will be leaving), chairman of the '47 Green day program, former member of Bear Paw, and a member now of Scabbard and Blade. Majoring in chemistry, he is a member of Sigma Nu fraternity.

Jumbo to Show Black List

Jumbo hall's private black list will be on display for the first time to women, Friday from 3:30 until 5 p.m.

The list, having over two hundred names from all living quarters on the campus, was brought together by the combined efforts of the boys in Jumbo. Five classifications have been used, ranging from "Excellent" to "Terrible."

After serious consideration by the officers of Jumbo it was decided that it would be best for the girls to understand their standing. The officers said, "We don't want to hurt the darlings' feelings, we just want to improve things in the future."

On the office bulletin board it will be posted for all to see at the Jumbo open house Friday. This is your chance, girls, to see how you stand with the boys in Jumbo!

STUDENT UNION SCHEDULE

These meetings will be held in the Student Union on Monday, May 9:

Personel services at 1 in the Eloise Knowles room; Mortar board at 5 in the Bitterroot room; Spurs at 5 in the Eloise Knowles room; Kappa Sigma fraternity at 7 in the Eloise Knowles room; Alpha Lambda Delta (freshman women's honorary) at 7 in the Copper room; and the MSU Masquers at 7 in the Student Union theater.

The MONTANA KAIMIN

Established 1898

The name Kaimin (pronounced Ki-meen) is derived from the original Selish Indian word, and means "something written" or "a message."

Published every Tuesday, Wednesday, Thursday and Friday during the school year by Associated Students of Montana State University.
Subscription Rate \$2.00 per year.

A Salesman's Job

MSU's annual Interscholastic week, with 1,000 Montana high school students expected, should be the time when our students sell Montana State University to Montana's youth.

With the expected drop in veteran enrollment during the next few years, MSU must obtain new students if the high quality of learning is to be continued. These new students should come from Montana high schools.

The students coming for Interscholastic, representing 54 high schools, should be shown the advantages MSU has to offer. They should become acquainted with the University and its various schools.

The job will be up to you. Take students from your home town and show—and sell—them Montana State University.

Let's Keep It Clean

It's easy to sit back, relax, and forget about an event after it's all over, especially on a campus. But let's not sit back and watch our campus get littered and dirty with paper, broken bottles, and junk after all the hard work on Aber day.

The entrance to the Student Union is undoubtedly one of the dirtiest places on the campus, although the entrances to most buildings on the campus are quite similar. It seems as if everyone walks out of the Student Union with a candy bar, a package of cigarettes, or a package of gum, and throws the wrappers on the ground.

Also, with the nice sunny weather, students take their cokes and coffee out on the front steps and lawn of the Union, and when they are through, leave the bottles, glasses, and cups wherever they were sitting. The employees of the Union do their best in picking up after the afternoon rush, but they can't do it all themselves.

Now with spring here and our campus turning green, and with its natural beauty, let's keep it that way.

Alaska Compared to Montana on Impending Statehood Situation

(Ed. note—Betty Mayfield, born in Anchorage, Alaska, received her elementary and high school training there. Now a journalism major at MSU, she presents her views on Alaskan statehood.)

BY BETTY MAYFIELD

Foremost in the mind of any Alaskan today is the question of statehood—when and if. Although, naturally, it is of primary interest to Alaskans, this question also holds significance for residents of the 48 states, for the addition of

a new state—the first since Arizona was admitted in 1912—would be a matter of national importance.

Montanans can find a parallel in Alaska. Both are large, sparsely settled sections which first came into importance due to gold discoveries. However, these likenesses only serve to point out a striking contrast in the formation of government.

In 1864 the Territory of Montana was formally organized with a population estimated at around 20,000. A state constitution was adopted in 1884 and accepted by Congress in 1889. Thus only 25 years after its formation as a territory, Montana became a full-fledged state. At the time of admission, the population stood about 100,000.

Alaska, on the other hand, was purchased by the United States in 1867 and for 17 years the only government official was the collector of customs. Some American troops were stationed there to keep order but actually contributed to the lawlessness. In 1877 even this doubtful security was withdrawn, and for the next seven years the sole authority was exercised by captains of naval vessels anchored in the various harbors. During this 17-

year period an Alaskan resident could not collect his debts legally, will his money to anyone, or get married.

The first Organic act, organizing Alaska as a "district" and giving it a bare skeleton of government, was passed in 1884. Finally, in 1912 Alaska was formed into a territory and the present Organic act came into being. Today, after 37 years as a territory and nearly 82 as a United States possession, Alaska still cannot elect its own governor, send senators or representatives to Congress, or help elect the President. The population is now estimated at 92,000 but is growing all the time. This population is spread over an area one fifth as large as the United States itself.

In a 1946 referendum the people of Alaska voted in favor of statehood, and since that time Congress has been busy discussing, investigating, debating, and discussing, while the "stepchild of the North" sits waiting at the door.

Freshmen and first quarter sophomores are reminded that they may acquire their Bear Paw application blanks at the business office in Main hall.

Jumbo Hallsters Hosts To All University Today

The big white elephant, Jumbo hall, with its wide and hospitable five wings opens its doors again to the public today. This is the only university living group that presents a complete day's program for the faculty and student body of Montana State University.

Convocation this morning was entirely presented by Jumbo hall men. Jerry Franklin, Bozeman, played the lead part in the production, "A Day in the Life of S.O.B." Through pantomime this character, Samuel Orville Beau Brummell, shows the lust, color, and fullness of life in Jumbo hall and MSU. Others in the cast were Lloyd Kurth, Big Fork; Pat Graham, Colville, Wash.; Walter Smith, Evanston, Ill.; Gil Horning, Billings; B. G. Sullivan, Butte; Keith Wilson, Missoula; Jim Boots, De Sota, Iowa; Merlyn Hedin, Billings; Willis Stejer, Deer Lodge; Ronald Swanson, Anaconda;

"Swede" Bushley, Anaconda; Eli Asid, Butte; Bill Barrie, Butte; Russell Fillner, Forsyth; Jerry Levine, Poplar; Steve Viscon, Polson; Don Bradley, Great Falls, master of ceremonies; Robert Stod-din, Butte.

Bob Weatherston, who wrote the script, said it was based entirely on "over-emphasis and understatement."

North vs. Jumbo

Those vicious letters to the editor between George Jurovich and Eleanor Anderson has led to a "grudge" game between North hall "Cuties" and the Jumbo "Juveniles" this afternoon at 2:30 on the field west of the Chemistry-Pharmacy building. The coaching will be handled by famed sportsmen, Doug Fessenden coaching the Juveniles and Jiggs Dahlberg the Cuties. Gil Porter, the "Hat," will keep everything fair in his capacity as an umpire. George Juro-

vich, captain of the Jumbo crew, announced that in order to make things easier for the Cuties, they would bat left handed and run the bases backwards. The North Hallians will respond by wearing their "newest look." The victors shall be served by the losers for one week in North hall.

Efficiency Contest

The rooms entered in the room contest, a contest based on neatness, cleanliness, originality and masculinity, will be judged by Miss Platt, Dean Wunderlich, and Dean Davis from 1 to 2 p.m. The winners of first, second, and third will be awarded in that order their choice of the prizes which consist of a \$10 gift certificate, a fishing fly rod, a baseball glove, and a combination prize of a softball catcher's mitt, a softball bat, and a softball.

Open House at 3:30

The Jumbo Hall Day open house goes into full swing at 3:30 with the reception of the guests in the main lounge by acting hostesses, Miss Ames, Miss McArthur, and the presidents of New and North halls. Following the reception will be a tour of the hall and the contest rooms; refreshments in the main lounge; and dancing in the "B" wing west lounge with music by Boyd Swingle's orchestra.

The evening will end for the Jumboites with their Jumbo hall Spring Frolic in the Governor's room in the Florence hotel for Jumbo men and their guests.

33 Students to Participate In All-State Kaimin Edition

A staff of 33 high school students will start arriving in Missoula Tuesday to publish the all-state Kaimin which will appear on Friday. The all-state Kaimin as a part of the Montana Interscholastic Editorial association's Interscholastic week activities.

Kathleen Seaton and Joyce Siperly of the Iniwia staff at Great Falls high school will be co-editors of this year's all-state edition. They will be the big guns of the staff which includes six other editors and 25 reporters. The all-state edition will be an eight-page paper.

Other editors, the papers they represent, and their home towns are:

City Editor Barry Hagan, Dawson Herald, Glendive; Associate Editor Billie Jean Tyrrell, Nugget, Helena; Photo Editor Skulason Moe, Konah, Missoula; Feature Editor Steve Hogan, Mountaineer, Butte; Cartoonist Don Baker, Iniwia, Great Falls; and Sports Editor Lewis Keim, Arrow, Kalispell.

Special staff members include Photo Assistant Bruce Ferguson, Konah, Missoula; feature reporters, Tommie Adams, Central Breeze, Whitefish; Tom Noel, Nug-

get, Helena; Fern Oxford, Carter Broadcaster, Ekalaka; and Dolores Johnson, Konah, Missoula.

Others on the sport staff include Ian Davidson, Iniwia, Great Falls; Bob Abbott, Arrow, Kalispell; Al Walters, Konah, Missoula; George Smith, Hamiltonian, Hamilton; and Nancy Lee Harris, Bluffs, Park City.

Those on the reportorial staff are Patty Fenion, Powell Pioneer, Deer Lodge; Lowell Anderson, Laurel Leaves, Laurel; Curtis Ammondson, Eagle, Fairfield; Leslie Smith, Cannon Report, Fort Benton; Barbara Stiles, Argus, Virginia City; Beverly Praetz, Student Voice, Chinook; Joan Norheim, Echo, Corvallis.

Charlotte Remillard, Dawson Herald, Glendive; Shirley Heltn, Stampede, Havre; William E. Jones, Signal Butte, Miles City; Darlyne Deem, Bda Wauka, Medicine Lake; Mary Carol Wirth, the Spires, Cathedral high school, Helena; Betty Mitch, the Cone-Let, Sacred Heart academy, Missoula; Winifred Dunn, Mountaineer, Butte; and Reba Turnquist, Pow-Wow, Ronan.

Edward B. Dugan and Harlan Bower of the journalism faculty will be advisers to the staff.

Bus Ad School Lured Most Frosh

In the freshman edition of the Kaimin, what could be more pertinent than a few statistics on the freshman class itself, straight from the registrar's office.

With a total freshman enrollment of 676 students, the men outnumber the women almost two to one—431 men to 245 women. Of the men, 181 are veterans.

The greatest percentage of the class, 206 students, are enrolled in the business administration school, while the forestry and journalism schools hold second and third place with 47 and 41 freshmen, respectively. The music school has 38, pharmacy 21, and the remainder of the class is distributed throughout the various other departments of the University.

Noted Pianist At Local Church

The choir of the University Congregational church is sponsoring a special musical program at 8:15 Sunday, featuring Leon Kirkpatrick, negro pianist. There is no admission charge, but a voluntary silver offering will be taken.

Mr. Kirkpatrick made his initial appearance in a Chicago recital in 1943, and since that time has traveled over the Middle West. He is now on his way to the West coast for additional tours. His piano technique and artistry have been widely praised in the press, and he offers some unusual pieces which justify his popularity as a concert artist.

Peggy Clapp Wiends Wicked Needle, Creates 'Alice' Outfits

BY ROGER MUNN

Caring for White Knights, Red and White Queens, a Humpty-Dumpty and a score of other interesting organisms is the pastime of Peggy Clapp, Missoula. No, not a menagerie-keeper, Miss Clapp is chief Rumpelstiltskin and needle-wielder for the latest potential Masquer hit, "Alice in Wonderland."

This freshman gal spends as much as six hours a day in company with some of John Tenniel's most interesting characters. Mr. Tenniel, by the way, illustrated the characters in the original "Alice in Wonderland" book.

Peggy finds herself, in large part, going through the "looking glass" with Alice. With fifty-odd (and we do mean odd) imaginary-turned-real story book people milling about her wardrobe, even Peggy is willing to admit it.

Everything from a handsome White Knight to a not-so-handsome Frog Footman run to Masquer's girl Friday for a bit of needle-craft here, a tug or an adjustment there and a let down seam elsewhere.

How come all this? Even English major Peggy hesitates to say.

Her rise to position of costume manager dates from "Life With Father" where she was first introduced to the work.

No Slouch

No slouch with a needle and thread, nor with constructive ideas on costuming, she became costume manager in the next Masquer production, "Volpone."

Now entering her second production as mistress of costumes, Peggy has a big job on her hands. Noted for its extravagant wardrobe, "Alice" demands much from the costume director.

With an air of utmost confidence, Peggy moves about the dressing room with a sheaf of papers, the like of which would dumbfound even Humpty-Dumpty. Among the papers are reminders of things that are to be done—a list of musts and sundry other items that will be finished before curtain time.

The job is immense and to meet its demands Peggy has seven regular assistants headed by Helen Hayes, Missoula, plus as many "volunteers" as she can lay her hands on.

Stockings Cost

Peggy and her helpmates in-

Foresters Go Afield For Practical Work

A group of Forestry majors, under the direction of Bill Dockins, will go into the field Saturday afternoon for instruction in practical work connected with the Forest service.

The activity, a non-credit project, is another of the various adjuncts of the Forestry club and is sustained by student initiative. The instructors of the course, which includes packing, telephone maintenance, blasting, and mountain climbing, are experts in their line.

Dean Davis said the students, many of them never having been afield on their own, have this opportunity to learn more of the everyday things they must know before they can take a position with the Forest service.

tend to do a lot of laundering before the time the play is in actual production.

White gloves and stockings must be washed and ironed after every performance. The gloves, incidentally, are stockings too, just sewn up at the heels. "Our stocking bill is terrific," says Peggy.

Some of the costumes that will be used in the play pose quite a problem, according to Miss Clapp. The cards, for instance, are too wide to walk up the narrow stairs that lead to the dressing room over the stage, so the little royal flushes are forced to the basement for reshuffling. This means, of course, a few hundred extra steps for all concerned.

The majority of costumes were ordered ready made from Goldstein and company, San Francisco, but are due for some alterations before play time.

Make Props

Such props as stockings, hats, Alice's and the cook's regalia are being made by Peggy and her as-

sistants. With some limitation of facilities, the girls find it hard to get things done according to any sort of schedule. The room is small, and the one portable sewing machine slows costume preparation to a walk.

However, with all the little problems that confront Peggy, she's going ahead with the hundreds of items that must be done before dress rehearsals which begin soon. Not all the items are as large a task as that of adjusting Humpty Dumpty's egg shell, or that of getting a white, pink and yellow horse to look realistic, but they all must be done—and are being done with dispatch and professionalism.

According to Peggy, the costumes in "Alice" will follow as closely as possible those in the original story book.

She says the costumes which were ordered are everything that they were expected to be and will add much to the extravaganza that is "Alice in Wonderland."

Malone New PEK Prexy

Pi chapter of Phi Epsilon Kappa, national physical education fraternity, held its yearly election of officers last Tuesday in the men's gym. Officers elected included Jack Malone, Billings, president; Don Delaney, Missoula, vice-president; John Harpole, Deer Lodge, secretary; Tom Selstad, Great Falls, treasurer; Ray Bauer, Great Falls, sergeant-at-arms; and Jack O'Loughlin, Missoula, guide.

New chapter officers were installed at a banquet in the Palace hotel in the evening. The installation was an open meeting with the members bringing wives and guests to the banquet. Clarence Porter, Missoula county schools superintendent, was the principal speaker of the evening. He spoke on "A Challenge to Physical Education."

The members of the fraternity took an active part in the annual Missoula county play day which was held on the campus last Friday.

Plans are now being worked on for the annual State Interscholastic

BREEN BOUNCES BACK

Bob Breen, in charge of the Veteran's Housing (strip) went to Butte Wednesday to take delivery on a 10-ton road grader that will be used for maintenance work at the strip.

Breen said to ship it by freight would have cost over 100 dollars or to bring it here by trailer would have cost about 85 dollars, so he is driving it over and expects to roll in here in time to see the Grizzlies scrimmage this afternoon.

track meet. PEK members will be doing much of the work in running this year's meet.

Dear Soviet Teachers:

West's Culture Assailed As Soviet Schools Open

LONDON, Sept. 1—A new school year began in Russia today and Pravda, the Communist party newspaper, exhorted teachers to fill their students with "profound contempt for bowing and scraping before the bourgeois culture of the West."

A Pravda editorial, broadcast by the Moscow radio, said teachers had failed in the past to "reveal the advantages of the Socialist system" in history and geography lessons. It charged the teachers with "passing over in silence the priority of inventions and discoveries by Russian scientists."

Pravda also said that too many children in the lower grades were failing to pass their courses.

The better we produce the better we live!

We note that you have been discreetly silent on some aspects of the Communist system. And that you have been urged by Pravda to fill your students with "profound contempt" for the admiration given to ours.

May we respectfully suggest a few more things that you'd better keep quiet about if you want the young Russians to grow up convinced Communists.

Don't tell them that in America the opportunity for advancement is unlimited—that here a man can work where he pleases and change his job when he pleases, and that he has the right to organize and bargain collectively.

Don't say anything about the competitive system, with rewards for initiative and enterprise in free markets—the same system which has produced a standard of living about ten times higher than yours.

Don't mention that here people can own things and manage their own businesses . . . and invest money in new undertakings.

Don't breathe a word about the American urge to invent better machines—and more productive ways to use them.

Don't refer to a dynamic way of life that keeps on turning out more and better goods

— keeps on lowering costs and raising wages, with shorter working hours.

In other words, don't give them any of the facts about what happens when free people, governing themselves and spurred by ambition, go all-out to build a new kind of country—different from any the world has ever seen.

We don't say our way is perfect—far from it. We still have our ups and downs of prices and jobs. But we know what's wrong and we're free to do something about it. Change is our middle name. And in the long run, our system always changes for the better.

P.S. About that "priority of inventions," the point isn't whether the Russian scientist Lodygin invented electric light before Edison, but what happened after it was invented. Which system—yours or ours—has mass-produced for more people the daily benefits of such inventions as the automobile, telephone, radio, refrigeration, central heating, modern plumbing and better farm machinery? The world knows that it is our system!

PDT's, Row Game Called

Phi Delta Theta and a surprising Row House squad fought to a 5-all tie in a late game played Wednesday on the Clover bowl. The game was called at the end of the seventh inning because of darkness. As ties have to be broken, a playoff of extra innings or in the form of a new game will take place later on in the season.

Pierce, pitching for the Row houses, allowed seven hits, striking out seven men. The Row house squad showed improvement over other games by turning in a fine job of fielding. PDT's pitcher, Morrison, gave up nine hits. The Phi Delt's showed the usual aggressive spirit throughout the game.

The seventh inning was a thriller. The Phi Delt's filled the bases in the last of the seventh. With none down, the remaining three batters hit pop-ups that went for easy outs.

Sigma Chi walloped Theta Chi in another of Wednesday's games. Theta Chi's hitting was very poor.

Moose Carstensen pitched for the Sigma Chis, striking out five men. Reiner turned in a good job of pitching for Theta Chi, although he lacked the support he needed at times.

The Newman club picked up its first win of the season, taking Corbin, 18-7, in a late game played Wednesday.

The Newman club's pitcher led the hitting, and came in with four runs. Newman scored nine runs in the seventh inning.

Sigma Alpha Epsilon won a close game from ATO, 4-2, on the Clover bowl. A combination of consistent

ROTC Girls Win; Men's Team Loses

Montana State University ROTC rifle teams split two rifle matches with Trinidad Junior college, Trinidad, Colo., last week end. The men's team was defeated 1,405 to 1,372. The girls' teams emerged victors by the close score of 493 to 490.

Score for the men's match:

Hansen, 100 prone, 94 kneeling, 89 standing, 283 total; Hoyem, 100 prone, 93 kneeling, 85 standing, 278 total; Julian, 99 prone, 93 kneeling, 82 standing, 274 total; Schlappy, 95 prone, 86 kneeling, 85 standing, 271 total; Fisser, 97 prone, 92 kneeling, 79 standing, 266 total; Team total, 1,372.

Spur Hopefuls Attend Pow Wow

Sixty-five Spur hopefuls have been invited to attend the Spur tea tomorrow afternoon from 2 p.m. to 4 p.m. at the Tri Delt house.

Invitations have been sent to those freshmen women who have maintained a C average and have indicated their interest in Spurs.

Betty Bee Young, Lewistown, who is in charge of the tea, said it would be called the Spur Pow Wow and would have an Indian theme.

Spring Complaints Receive Attention

Fifty-two cases, varying from common spring colds to "baseball fingers," went through the Health Service office Wednesday of this week, according to Lois Koch, Health Service secretary. Miss Koch indicated that the most common ailments were spring colds and slight cases of stomach and intestinal influenza. Bruises and abrasions received while playing ball were another student complaint.

Miss Koch called Wednesday a "rather routine" day. On "fairly busy" days as many as 150 students call at the Health Service for treatment.

pitching and smooth fielding by the SAEs gave them the victory. Peterson, SAE pitcher, struck out five men, allowing only 25 of the opposing team to bat in the seven-inning game.

Joe Medwick once jumped in the air and hit a wild pitch off Lefty Gomez for a home run.

Intramural Track Plan Announced

In a meeting held yesterday afternoon, Intramural Mgr. Dave Cole and 10 team managers outlined plans for the forthcoming intramural track meet which is tentatively set for two consecutive days, May 27-28.

Events scheduled for the meet include the pole vault, shot put, broad jump, high jump, discus, javeline, 100-yard dash, 220, 440, 880, and mile runs and the half-mile relay. Each organization will be permitted three entries in each event.

The group decided against letting freshmen who are out for track participate in the intramural meet.

Those who do participate will be allowed to enter three field events, or three track events, one of which must include the relay, or one field event and two track events. Points for the contests will be given for the first four places, and will be scored 5-3-2-1. The deadline for all entries will be Saturday noon, May 21.

The managers also discussed the current sport of softball. A proposal was made to call a game if one team is more than 12 runs ahead at the end of the fifth inning of play. It was not acted upon, but passage will probably come at the next meeting of the group.

The game between the Phi Delt's and Jumbo hall, which the PDT's protested, will be replayed from the bottom of the fifth inning which saw the Jumbo hall aggregation ahead 4-2, with the Phi Delt's at bat, a man on third and one out. The Phi Delt vs. Row House game, which was called because of darkness Wednesday evening, will be replayed from the end of the seventh when the score was tied, 5-5.

The schedule of games for the remainder of this week and next week is as follows:

Friday, May 6
4:15—Chem-Pharm.—Sigma Nu vs. Newman club.
4:15—Clover bowl—Jumbo vs. Phi Delt's (replay from the fifth)
6:15—Clover bowl—South hall vs. Sigma Chi.
6:15—Chem-Pharm.—Ski club vs. Theta Chi.
6:15—Practice field—Row houses vs. SPE.
Saturday, May 7
10:00—Clover bowl—Newman club vs. ATO.
10:00—Chem-Pharm.—Phi Sigs vs. SAE.
Monday, May 9
4:15—Clover bowl—Phi Delt's vs. Ski club.
6:15—Clover bowl—Row houses vs. Forestry club.
6:15—Chem-Pharm.—Newman club vs. Phi Sigs.
6:15—Practice field—Jumbo hall vs. SPE.
Tuesday, May 10
4:15—Clover bowl—Sigma Nu vs. SAE.
4:15—Chem-Pharm.—Corbin hall vs. Phi Sigs.
6:15—Clover bowl—Jumbo hall vs. Sigma Chi.
6:15—Chem-Pharm.—Corbin vs. ATO.
6:15—Practice field—South hall vs. Ski club.
Wednesday, May 11
4:15—Clover bowl—South hall vs. SAE.
4:15—Chem-Pharm.—Corbin hall vs. ATO.
6:15—Clover bowl—Newman club vs. Theta Chi.
6:15—Chem-Pharm.—Jumbo vs. Ski club.
6:15—Practice field—Phi Delt's vs. SPE.

Interscholastic Ticket Sales To Begin Monday

Student season tickets for admission to Interscholastic Week events will go on sale for \$1.50 each next Monday morning at 9 a.m. A ticket booth in front of the Student Union will be open from 9 to 12 and 1 to 4 on Monday, Tuesday, and Wednesday.

Season-ticket holders may attend any of the Interscholastic Week events, which will be high-lighted by two days of track and field events, one night of finalists' competition in oratory, declamations, extemporaneous speaking, and presentation of track awards, and a second night of the best one-act plays in the Little Theater tournament.

High School Girls Have Sports Day

The annual high school playday was staged last Saturday with students from 13 schools participating in the various sports and games.

The girls participating were divided into color teams with no team having more than two girls from the same town on it.

Members of the WAA headed the various teams with Jo Carson's Aqua team tying for first with Pat Evan's Blues. Ten points were given to the winning team with five going to the winners of the individual sports.

Four games were played in badminton and aerial darts while two were played in softball, volleyball and ping pong.

Virginia Messelt, Billings, headed the general committee with Pat Evans, Butte, and Joan Beckwith, Kalispell, assisting. Others heading committees were Mary Jane Johnson, Bridger, equipment; and Betty Bayes, Missoula, food.

Nine Takes Home Games, 5-2, 6-2

The Grizzlies took both home season openers with the Whitworth Pirates yesterday at Campbell park, 5-2 and 6-2. Gov. John Bonner hurled five pitches to Mayor Ralph Starr, with Chancellor George Selke behind the plate, in the inauguration ceremony for the new lights preceding last night's game.

Bob Holding practically won his own game last night, hitting three singles and a double in four times up and scoring two runs. He struck out five, walked one, and gave up eight hits in nine innings. Mitchell accredited himself with a double in the fifth. Whitworth scored a run in the fifth, but the Grizzlies

came back in the same frame to lead, 2-1. The Grizzlies scored again in the sixth and the Pirates rallied in the seventh to make the score 3-2. The Grizzlies cinched the ball game with three runs in the eighth to make the final tally 6-2.

In the afternoon game the Grizzly sluggers outscored the Pirates, 5-2, with seven hits—four of them extra-baggers. John Holding slugged out a triple in the second, Nicol and Hilgenstuhler each cracked out a double in the first, and Doucette slugged a two-bagger in the sixth. The Grizzlies scored one run per inning except in the fifth. They came through with a double play in the second—John Holding to Hilgenstuhler to Cope—and Cocco and John Holding accredited themselves with one stolen base each. John Holding made two errors. O'Loughlin fanned two, walked five, and gave up five hits for two runs in six innings and Tabaracci struck out one in one inning.

MSU Meets Utah Aggies Here Today

The Grizzly tennis squad will be out hitting for their 10th and 11th victories this year when they play the tough Utah State club here this afternoon at 2 p.m. and tomorrow at 10 a.m.

Undefeated Montana with its score of home court victories and Utah State, now at the top of the Southern Division Skyline Six, are both tough teams. Of the nine defeats suffered by the Grizzlies in the last four years, four were at the hands of the Utah Aggies. Utah will be looking for revenge after last year's fiasco when the matches were rained out.

Cumming and Kramer, who are undefeated in singles this year with one exception, will alternate at the number one position in the Montana lineup. Jardine and Holmstrom will probably alternate at third position. Doubles teams will be Cumming-Kramer and Jardine-Holmstrom. Patten, one of the best players in the Northwest, gave Kramer his only singles defeat at Whitworth. Holmstrom has had his best year, being beaten only once in inter-collegiate competition this year.

There is no definite lineup yet for the Utah boys, but it will probably be Keith Larson, captain, Duane Adams, Wilber Braithwaite, Charles Carter, and Paul Madden in that order. Their first doubles team will be Larson and Adams, and the second team, Braithwaite and Madden.

The last game lost on the home courts by Montana was to this same opponent, Utah State, on April 6, 1947. The score was 2-5, with Cumming and Jardine taking their singles matches for our only wins.

John Burke, manager, announced that additional bleachers would be placed by the courts, and if weather conditions permitted a public address system would be set up.

Saturday's matches are being played in the morning to allow fans to see both the Utah State tennis matches and the afternoon baseball game with Whitman.

The Newman club Songfest will be May 11, lasting from 6:30 p.m. til about 8, in the middle of the oval. It is suggested that all living groups have a song of not more than three minutes. There will be a \$10 commercial prize from Hefte's.

Grizzly Thin-clads Travel To Bozeman for Triple Meet

The Montana State University Grizzlies are in Bozeman today to take part in a triangular meet between Idaho State from Pocatello, Montana State college from Bozeman and the University of Montana. Making the trip with coach Harry Adams are approximately 20 varsity competitors and over a dozen freshman participants who will meet the Bob-kittens from the state college.

Montana's thin-clads, still smarting from their close defeat at the hands of the Savages from Eastern Washington last Saturday, will be out to take revenge at the expense of the Bobcats and the Bengals. Dick Doyle, number seven man in the United States for this season's discus competition, will attempt to better his record breaking throw of last Saturday, when the cold, windy weather was definitely a disadvantage to all participants.

Grizzlies Should Win

If the Grizzlies can put up as good a showing this weekend in fair weather as they did last week when they were handicapped by the cold, the meet should come out in favor of the Silvertips. Lou Rocheleau, the Montana speed merchant who captured high point honors in last week's meet, will be entered in the high and low hurdles, the high jump, and the broad jump.

Bill Brandt, who outdistanced all opposition in the two mile run Saturday, will again be out to capture the honors in this event on Gallatin field tomorrow, while King and McLatchy will run the dashes for the Grizzlies.

Cubs Duel Bobkittens

In the duel meet between the Cubs and the Bobkittens, the Uni-

versity's undermanned squad will take on a large assignment when they meet the yearlings from the State college. Joe Luckman, who shone for the Cubs in last Saturday's meeting with Missoula, will again hit the cinder paths to take on opposition in the dashes and the broad jump, in which he took firsts in these events last week. The Cubs, beaten by a one point margin, 59-58, look for revenge as do their big brothers. Bob Ripke will attempt to again take firsts in the shot and discus events and will be teamed with Jim Smart in these contests.

Whether or not Howie Domke will run the 220 yd. dash is still doubtful, but he will be entered in the 440 yd. run and will lead off the relay team for the Grizzlies.

McCain at Columbia

Pres. James A. McCain will address a group of MSU alumni in New York City May 10. While there he will also speak to a faculty group at Columbia university.

Grizzly Grid Machine Tunes For Fall Battle

BY BILL WALKER

The 1949 model of the Grizzly football machine is about ready for the assembly line. Spring tooling-up has been under way for about 15 days and will be completed in another 15. The Pacific Coast conference rules regarding spring football activities restrict the pre-season foundry work to an all-too-short 30 days. Endeavoring to form a balanced squad in the shortest time possible, the coaching staff devoted the first 10 days to instructing the candidates in basic fundamentals, and at the same time put them through a progressively tougher conditioning program. The tempo has been increased gradually on basic, offensive and defensive tactics and the squad, divided into four teams with a few alternates, is working on various cycles of plays. Although the pace has been rapid so far, the remaining days will witness a shift to high gear and a fighting drive to the finish.

Ted Shipkey, head coach of the pigskin project, ably assisted by Fred Erdhaus, assistant coach, Paul Szakash, line coach, and Bob Gorton, graduate assistant line

coach, has burned no little twilight petroleum striving to get the squad winnowed out and to separate the men from the boys.

Some Positions Shallow

"So far," Shipkey declared, "we've had a good beginning. Lots of men turned out and although some of them won't make the grade this year, the ones that do, will certainly give a good account of themselves in the forthcoming gridiron battles. Nevertheless," he added, "we're wanting in a few salient positions." He listed them as follows:

(1) "Quarterbacks—we need more depth here. We have men who are good signal callers and ball handlers, but they fall short on passing and kicking. On the other hand, we have some fairly good kickers and passers, but they are shy on ability to handle the ball and call signals. However," Shipkey predicted, "with more practice we might do much better in our quarterback department."

(2) "Tackles—We are short on experienced men here too. Particularly good, fast defensive men who can get into the opponent's backfield faster. We have some good, steady tackles, but we need more in depth for replacements."

(3) "Fullbacks—If good intentions mean anything, we have some promising men here too. Four or five of the men are fighting it out for the starting position. Rugged plungers are very important here."

(4) "Centers—Five men are battling for this job and the issue is still in doubt. This man must not only be a good passer-back, but must be a leader in defensive strategy. He's really the defensive quarterback and calls all defensive plays."

(5) "As to the guards, ends and halfbacks, we have some good prospects, but all must improve a great deal before the first kick-off this fall. All hands are making determined efforts and it is bound to produce results eventually."

Fundamentals Taught

The coaches have been concentrating on teaching fundamentals. The overall picture of offensive and defensive technique was anything but impressive at the beginning. Tackling was indifferent and inconsistent. Blocking, lacking punch and positive execution, was very ineffective. However, Shipkey and his staff are determined

to make the men block and tackle—that above all. "Good football teams," Ted stated, "win games primarily because they are well schooled in fundamentals."

No First Team Yet

Shipkey isn't ready to name a first team because, at this time, any so-called No. 1 team would have to be on an arbitrary basis. When the team is chosen it will be on ability alone and until that time, every man on the squad has a fighting chance.

In the intra-squad scrimmage to date, the following men have seen the most service in the positions named: Quarterback—Kingsford; left halfback—Byrne; right halfback—Malone; fullback—Laurie LeClaire; center—Kuburich; right guard—Kumpuris; left guard—Chaffin; right tackle—Ford; left tackle—Cork; right end—Co-captain Ray Bauer; left end—Briney.

Players Missing

However, some of last year's letter men, and others who will be out for football this fall, are now on the Grizzly track squad or baseball squad, others have conflicting schedules, are out of school or laid up with injuries. Among them are O'Loughlin, Holding, Herbig, King, Doyle, Delaney, Malcolm and grid co-captain (with Bauer) Frank Semansky.

Team Has Hustle

If any one word must be utilized to describe the collective desire of the coaches and the apparent attitude of the squad it would be Hustle. Monday morning quarterbacks from away back agree that this gang of pork hide waddies have really got it. A team with this much hustle is going to be hard to beat anytime, anyplace and by anybody.

Three Upset As WAA Opens League

By GENE GILMORE

The first games in the WAA softball tournament featured three of the biggest upsets of the season when New hall dumped the favored Alpha Phis 13 to 7, Wednesday afternoon.

The New hall team, sparked by First Baseman Katy Murray, Miles City, who slammed out a home run and four hits, played their best game of the season. The Phis, on the other hand, played sloppy ball, and could have won if they had been on their toes.

The second upset came when the Sigma Kappas barely slipped passed the Kappas 14 to 12 in extra innings. The well-played game was easily the most exciting of the season as the Sigma Kappas came out of their pre-tournament slump.

Tuesday afternoon saw the third upset when the Alpha Chis trimmed the Delta Gammas, 25 to 18. The game was high-scoring with both teams looking better than they had in previous games.

The second game of the afternoon was lop-sided with the Independents shellacking the North hall freshies, 33 to 4.

The winner of the Theta-Alpha Chi game will play the rejuvenated Sigma Kappas either Friday afternoon or Saturday morning. The Thetas should wallop the Chis and should have no trouble with the Sigma Kappas. If this should happen they would be in line for the championship.

The winner of the Tri Delt-Independent game will play the New hall team at the same time. Going by previous records made in pre-tournament play, the Tri Delt should take the Independents without much trouble. But they may have a hard time getting past New hall, a team which they barely beat earlier in the season.

In the consolation round the Alpha Phis will play North hall and the Kappas, the Delta Gammas, Saturday morning at 9 o'clock.

ROTC to Parade For Bonner May 13

All ROTC detachments at MSU will turn out en masse for a review to be held in honor of Gov. John W. Bonner May 13 on Dornblaser field. Governor Bonner will be the featured guest of the day at the Interscholastic Track meet Friday.

The ROTC groups, approxi-

mately 400 strong, will include all first and second year basic students, all advanced students, the ROTC military band and the Sponsor corps. All detachments will be under full dress, basic students with regular uniforms, advanced students with officer's dress, the Sponsor corps in their full uniform and the band with white leggings, white web belts and white helmets.

WAA SWIM MEET TO BE HELD MAY 17, 18

The WAA swimming meet will be held May 17 and 18, according to Ardis Silvernale, Missoula, swimming manager. This meet, open to all living groups on campus, is sponsored by the Aquamaids each year.

To prepare for the meet, the pool will be open for all women each Tuesday and Thursday from four to six. Miss Silvernale asks that each house turn in a list of swimmers for the meet by May 12.

SETS THE PACE IN SPORTS

Exterior of the Alpha Phi house that will be open for student inspection Sunday night from 7 to 10. The building was begun last summer and only recently been finished.

Alpha Phi's Open House Sunday Nite

The door of the new Alpha Phi chapter house at 1107 Gerald avenue will be officially opened to students Sunday evening from 7 to 10 at a housewarming party.

Inspection tours of the house will be conducted throughout the evening and refreshments will be served.

Building on the \$60,000 structure started in July and the new rooms on the second floor were occupied in January.

The modernistic addition includes eight bedrooms, a bath, and lounge on the second floor; living room, date room, guest room, office, bath, and housemother's quarters on the main floor; and a chapter room and trunk room in the basement.

The house has a capacity of 40. Thirty-seven women are living in it at present.

Interior decorating for the chapter house was under the direction of Mrs. Marian Strader, national housing chairman of Alpha Phi. The interior is done in bright, modern colors to convey a youthful atmosphere.

A loud-speaking system and a dumb-waiter adjacent to the fireplace in the living room are two features of the new chapter house.

Landscaping has been started and should be completed by the beginning of summer, Pat Payne, Billings, chapter president, said.

Committees for the housewarming are: Pat Owens and Yvonne Kind, both of Missoula, co-chairmen; Jo Collins, Forsyth, tours and reception; March Denny, Bozeman, flowers and decorations; Virginia Messelt, Billings, invitation; and Doris Arntzen, Lewistown, refreshments.

An open house for faculty members and townspeople will be next fall.

MSU-Whitman Opener Tonight

The Grizzlies will play the first of a three-game series with Whitman at Campbell park tonight at 8 o'clock. They will play again tomorrow at 3 o'clock and tomorrow night at 8 o'clock.

Tonight's game will be the Grizzlies' third home game of the season, and the second game under the new Campbell park lights.

NO MORE BOARD FEES ACCEPTABLE AT HALLS

Yesterday was the deadline for residence halls board and room payments, it was announced by the university business office today. For each additional week day, up to a total of five that payments are late, a fine of \$1 will be added to the regular charges.

Shirley McKowan, Seattle, and Trudy Bulen, Great Falls, enjoying cards in the modernistic L-shaped living room.

Radio Show Visits Jaycee Convention

MSU Highlights, the University Radio Guild variety program, will entertain the state Jaycee convention at the Florence hotel Monday afternoon. The show will be recorded and aired over Z-Bar network at 10:30 o'clock that night.

Musical numbers by the Knovely Knights, comedy skits by guild members, and vocal numbers by a guest singer, Joyce Degenhart, will make up the program.

One of the numbers will be an original song by Carroll O'Connor and Arthur Stone entitled, "To Say I Love You."

The theme of the show will be a mythical trip through Missoula

and vicinity. Jack Swee, Missoula, will direct the program.

Another regular guild show is scheduled for Z-Bar network presentation Saturday at 3:15 o'clock.

FELLOWSHIP MEET TONIGHT

All students and faculty members are invited to hear the Rev. E. Ray Cameron who is speaking at the University Christian Fellowship meeting tonight at 7:30 in the Bitterroot room. The Rev. Cameron is pastor of the First Presbyterian church in Missoula.

MAIN GYM ROOFED

The new roof being put on the main gym should be finished this week, according to Tom Swearingen, maintenance engineer. Moderately priced, most suitable for that type of building and very durable, the last batch of felt, impregnated with aluminum, will be mopped on soon. Although he expects it to last longer, Swearingen said the job was guaranteed for ten years.

However, the asbestos shingling job just completed on the law building will probably last twenty or thirty years, Swearingen predicted.

Panhel Sponsors 'Girl's Choice' Hop In Gold Room

Pan-Hellenic is sponsoring the girl-ask-boy Cotton Hop tonight in the Gold room.

Dancing will start at 9 p.m. to music by Chuck Zadra and his orchestra. This dance is for all Greek women and their dates. There is one girl in every sorority house selling tickets which are \$1.20 per couple.

PIPELINE BURIED

The laborious task of burying hundreds of feet of transite pipe, an asbestos cement composition, has progressed satisfactorily, according to Tom Swearingen, and the water main system is about complete. The maintenance department diligently back-filled and graded the softball field north of the Pharmacy building in time for the softball game Tuesday evening.

Remind your Missoula friends that track meet tickets are on sale: \$1.50.

MSU, MSC Divot Diggers To Square Away On Country Club Course

Montana State college divot diggers open their season with the Grizzlies at the Missoula Country club Saturday, May 7.

Last year the Grizzlies took MSC in a close battle. This year the MSU team has still to get their first win after three defeats. It should be as close a fray as last week's match when U. of Idaho took Montana State University by one point, 14-13.

The Bobcats have only one returning veteran, Spencer Koppang, Kalispell, who split with Daws last year. Two others, Glenn Jörn and Bob Sidor, are filling in last year's vacancies very well. The rest of MSC's line-up has not been named.

The MSU golfers have been practicing hard this week. Paulson, who took 6 points last Saturday against U. of Idaho, is reported in good form as is George Sarsfield, player-coach and No. 1 man. The Grizzly linksmen back-

ing these two are: Radakovich, Daws, Anderson and Larson.

Tee-off time is 8:30 a.m. for the 18-hole doubles matches. In the afternoon the linksmen lineup for the 18-hole singles.

Leon Cohen Wins Musical Contest; Simmons Second

Leon Cohen, junior forestry major from New York City, walked off with top honors and \$50 in a student musical composition contest presented in Main Hall auditorium Wednesday night. Second place and \$25 went to Bill Simmons, freshman from Hardin, and third place and \$10 to Boyd Swingle, Lewistown, sophomore.

This contest was sponsored by the University Music club to stimulate original composition work by university students. The program was presented this week in observance of National and Inter-American Music week. Awards were made by the Music School foundation.

Original compositions by six students, from whom the three winners were chosen, comprised the first part of the program. The second part consisted of works of contemporary American composers. "Sonata in One Movement," an original composition by George Perkins, university choral director, was included in this portion of the program.

Elections . . .

(please see page four)

releases them for publication in the Kaimin not later than April 12th, following their validation by Central board."

Article VII, Section 7: "The sentence 'The two who receive the highest number of votes in the primary and are eligible and consent to be candidates shall be nominated,' shall be concluded 'and voted on in the final election even though one candidate has received a clear majority in the primary.'"

Article V, Section 3, paragraph D, shall include the sentence: "Candidates must be members of the class they represent according to credits, at least two quarters of the year for which they seek election."

The run-off election for senior class president will be announced at a later date.

ISA To Meet; Notable Business On Nite Program

The Independent Student association (ISA), will hold an important meeting Monday evening at 7:30 in the Bitterroot room.

All independent students who consider themselves eligible for Bear Paw or Spur should be present to fill out the necessary forms.

Business of the meeting will center around plans for a spring picnic and the completion of the ISA constitution.

Hamilton to Speak At Math Club Monday

Dr. Hamilton of the psychology department will speak on Algebraic logic to the Math club, Monday evening at 7:30 in the Silver room. An election of officers will also be on the agenda as well as refreshments. Paul Rygg, Kalispell, president of the club, urged the attendance of all members of the club as well as those students interested in Dr. Hamilton's talk.

Foresters Top Civil Service Test

Illustrating the fact that foresters are a versatile lot and prepared for a variety of jobs, a considerable number of MSU foresters took civil service examinations recently for soil and range conservationist jobs. Result: the foresters tended to dominate the regional registers despite the fact that agriculturally trained men normally have an advantage in passing these particular examinations.

Mr. Truman Anderson, Montana state conservationist of the Soil Conservation service was in Missoula May 5 to interview students for employment. He stated that the top 9 men on the SP-5 register and the top 6 men on the SP-3 register were all from the University with a liberal proportion of MSU men on down the list. The situation was about the same on the P-1 register for soil and range conservationist positions; MSU men held most of the top ratings.

In fact, Mr. Anderson wondered where the agricultural college boys were as he wanted a reasonable balance between ag college and forestry-trained men. He thought that one reason was the Forestry school is active in encouraging its students to take available examinations and keeps them informed as to their nature. However, in commenting, Dean Davis says there is another and larger factor; "we have a lot of mighty good men that can hold their own in any competition."

Wilson Addresses Dentists' Meet

Vincent Wilson, acting chairman of the physical education department at MSU, has been in Bozeman this week to address the state dental association's convention.

Mr. Wilson has been acting chairman of a committee for the establishment of a hygiene school at Montana State University and is presenting his report at the convention.

Mr. Wilson left for Bozeman Wednesday noon and is expected to return to Missoula Friday night after the termination of the convention.

MSU Knights Back from Meet

Spud DeJarnette, Jim Murphy, George Krause, and George Gilbertson, all members of Intercollegiate Knights, have returned from the national convention which was held at Pullman, Wash., April 21, 22, and 23. Spud was chosen regional expanding vice-president of the chapter of Intercollegiate Knights. The next convention will be held at Bozeman next year.
